**WHEREAS**, the City of Doral Police Department seeks approval for a budget transfer in the amount of \$20,000.00 from Construction in Progress Account no. 103.60005.500650 to Capital Outlay- Other Account no. 103.60005.500652 for the purchase of the Real-Time Alerting Program from Dataminr, a single source vendor for information alerts; and

**WHEREAS**, Dataminr, Inc. ("Dataminr") is a global artificial intelligence company that provides real-time information alerts. Dataminr uses machine learning and artificial intelligence to scrape social media and quickly spot breaking news events and significant incidents. Dataminr technology scans millions of social media posts daily and can find everything from global political events to local incidents such as a car fire or other emergency. Dataminr then relays this information in the form of alerts and provides a unique, customizable incident detection and alerting functionality across all publicly posted social media posts; and

**WHEREAS**, with the launch of the Doral Police Department's (DPD) Real-time Information Center (RTIC), the implementation of Dataminr will provide the DPD, the

citizens and visitors of the City of Doral with the opportunity to benefit from various forms of technology available that will assist officers responding to calls, provide real-time information available during any incident or event. This system will be monitored by trained Crime Analysts who will utilize information gathered by Dataminr from social media platforms such as Facebook, Twitter, and Instagram. There is a magnitude of real time information that can be relevant to incidents or calls for service that DPD officers may be dispatched to. Performing this tedious task manually is essentially attempting to navigate through thousands of social media posts over several social media platforms, which is practically impossible and time consuming.

**WHEREAS**, Pursuant to Section 2-321 of the City Code, Staff respectfully requests that the City Council authorize the City Manager to waive the competitive bidding procedure with Dataminr, a single source vendor for the purchase of the Real-Time Alerting Program in an amount equal to \$20,000.00 with a budget transfer from Construction in Progress Account no. 103.60005.500650 to Capital Outlay- Other Account no. 103.60005.500652 and further requests that the City Council authorize the City Manager to expend budgeted funds as follows:
