## Supplier Alert: Fraudulent Purchase Order Scam

This message is for the attention of existing and potential suppliers to the City of Doral.

The City of Doral wants to alert you to a fraud scam that is targeting existing and potential suppliers of goods, as well as other businesses in the United States. Please take the necessary precautions so that you are not a victim of this scam.

While the City of Doral cannot prevent this fraudulent activity, we are supplying law enforcement with details to investigate matters as we become aware of specific incidents.

The fraud scam involves purchase orders and requests for product quotations that seem to originate from the City of Doral but are in fact fraudulent.

The scam operates in the following way: the supplier will receive an email requesting a quotation for goods. Once the quotation has been provided, a purchase order is emailed to the supplier that bears resemblance to an authentic City of Doral purchase order. The purchase order typically instructs delivery to an address not affiliated with the City of Doral. The purchase order may be accompanied by a Credit Reference Sheet which is a fraudulent document. The City of Doral does not issue a 'Credit Reference Sheet'. After shipping the item(s), the supplier never receives payment and is unable to retrieve the shipped products.

Indicators of fraud:

- Incorrect domain name used to send emails and purchase orders. A valid City of Doral email address will always end in @cityofdoral.com. Hovering over the email address may reveal the originator's email address if different from that displayed. An example of an incorrect domain being used by scammers is @citysofdoral.com but other domains are being used.
- The delivery address is not a City of Doral address. Fraudulent addresses will typically be a domestic residence or a self-storage facility.
- Poorly written email with grammatical errors.
- Use of a false or unknown contact from the City of Doral. If requests for quotations or purchase orders are received from a new City of Doral contact that raises your

suspicion, please email [procurement@cityofdoral.com](mailto:procurement@cityofdoral.com) to verify the validity of the request.

- Do not contact the name/number used on the email/purchase order.
- Phone numbers not associated with the City of Doral.
- Unusually large quantities are requested.
- Rush to ship priority/overnight.

What to do if you suspect fraudulent activity:

Email [procurement@cityofdoral.com](mailto:procurement@cityofdoral.com) to verify the validity of the request (please ensure you include any emails and documents you have received that relate to the inquiry). A member of the City of Doral will respond to your email as soon as possible to confirm the validity of the request and will provide advice on the action to take if the request is found to be fraudulent, including reporting the incident to the appropriate law enforcement agency as an attempted fraud against your organization.

Please do not attempt to call any phone numbers contained within the fraudulent emails that claim to be City of Doral numbers.

What the City of Doral is doing:

- Contacting existing suppliers that may be subject to this type of fraudulent activity in order to raise awareness and provide basic guidance on how to deal with it.
- Requesting that domain names used for fraudulent activity are closed.
- Reporting all instances of known fraudulent activity to the appropriate law enforcement agency.
- We have posted this notice to our website and social media channels to help prevent current and prospective suppliers from falling prey to these schemes.

If you require further information, please email [procurement@cityofdoral.com](mailto:procurement@cityofdoral.com).

Respectfully,

*Tanya Donigan*
